

REISSUE APPLICATION DECLARATION BY THE INVENTOR

Docket Number (optional)

24.954-09RE

I hereby declare that:

Each inventor's residence, mailing address and citizenship are stated below next to my name.

I believe the inventor(s) of the subject matter which is described and claimed

in patent number 6,614,195, granted September 2, 2003, and for which a

Reissue patent is sought on the invention entitled

Linear Actuator Control Structure

The specification of which

☒ is attached hereto.☐ was filed on _____ as reissue application number _____and was amended on _____
(if applicable)

I have reviewed and understand the contents of the above identified specification, including the claims, as amended by any amendment referred to above.

I acknowledge the duty to disclose information which is material to patentability as defined in 37 CFR 1.56.

I verily believe the original patent to be wholly or partly inoperative or invalid, for the reasons described below. (Check all boxes that apply.)

☐ by reason of a defective specification or drawing.☒ by reason of the patentee claiming more or less than he had the right to claim in the patent.☐ by reason of other errors.

At least one error upon which reissue is based is described below. If the reissue is a broadening Reissue, such must be stated with an explanation as to the nature of the broadening:

The patentee claimed less than he had the right to claim in the patent. For example, claim 1 is more narrow than the scope of the patentee's invention in that the element of a control device need not provide both a force request signal and a drive signal.

Under the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number.
